**Human Welfare Foundation Gurgaon**

I-22 ( Ground Floor),

South City-2, Gurgaon, Haryana

www.hwfg.in, e-mail : hwf2010@ymail.com

The year 2011, a promising and a very happy new year for human welfare foundation, Gurgaon. A very happy new year in the sense that the year 2011 was full of excitement and a big achievement, because of the fact that on 29th day of September 2011, Human welfare foundation was registered by the District Register of Firms & Societies, Gurgaon, Haryana, vide no DR/GGN/135 year 2011-12 under Societies Act. 1860. Thus the foundation came into being as a legal entity with certain limitations under societies act 1860. Further in this context we would like to mention a brief history of the foundation as under :-

The idea to form the foundation came to the mind of the president of the Foundation during the course of his engineering studies in the year 1991. Since then he always used to feel to help the poor needy People especially in the field of education and social well being of the society. During his professional life, he started and continued social work with his limited financial resources and constituted

Human Rights Watch for India in 1996. The then deputy commissioner of Rewari (Haryana) appointed Anil Gupta Engineer (President of the foundation) as a member of the district child Adoption Review Committee, Rewari in the year -1996-97. He worked as a social worker in the area of education as well as for the social well being of the society. Thereafter the well being of society in the field of education and environment has been regularly continuing since the year 2004 till the legal formation of the foundation dated 29<sup>th</sup> September 2011 i.e, date of registration of the foundation under the Societies act 1860. In the process, in order to give a practical shape to the foundation, a meeting was convened in its office, I-22, Ground Floor, South City-II, Gurgaon on 12<sup>th</sup> February 2011 at 6 pm for the purpose of formation of General Body and the Executive Committee of the foundation as required for the purpose of registration under societies act 1860.

All the members of the foundation will constitute the general body meeting of the Human Welfare Foundation.

**The composition of the executive committee shall be as under:-**

- 1) President
- 2) Vice-President
- 3) General Secretary
- 4) Treasurer
- 5) Executive members 3 to 16

In this way the foundation started its functions regularly initially in the field of education. We may add here that in the first instance the area of operation of the foundation shall be the state of Haryana and Rajasthan which may be extended to other states as well.

Aims and objectives of the foundation has been mentioned in details in the memorandum of Association of the foundation.

**The main aims are:-**

- (1) Making better use of the talents and time of children in rural areas.
- (2) To expand opportunities for

girls and handicapped children in the field of education.

- (3) Developing more friendly environment among students of the Basic Education Centers of the foundation.
- (4) To encourage and cultivate the habit of reading and create general awareness about development taking place in the society by opening library at the basic Education Centers started by Foundation.
- (5) Education and awareness programmes.

**A brief summary of programmes and activities which are going on by the foundation is given below:**

In the month of December 2011, a basic education centre was started at Samaspur village in Gurgaon and has been going on successfully. In the month of December 2011 the strength of student was 13 which increased to 24 in the month of April 2012 and 30 students in the month of June 2012. At present the number of student 40.

**The following activities are**

**going on in the following Schools besides Basic Education Centre Samaspur, Gurgaon.**

HWFG Talent Search Test under Talent Development Programme of HWFG is also going on regularly in the followingschools:

- 1) Basic Education centre, HWFG Village Samaspur, Gurgaon (Haryana)
- 2) Senior Secondary School Baskripal Nagar District: Alwar (Rajasthan)
- 3) Girls middle School Baskripal Nagar, District: Alwar (Rajasthan)
- 4) Vijay Public School, Baskripal Nagar ,District: Alwar (Rajasthan)
- 5) Mona Lisa Public School, NEB- Alwar City (Rajasthan)

A library is running successfully in the middle school, Baskripal Nagar, District Alwar (Rajasthan). We are also providing financial help in imparting computer training to the poor and handicapped children especially poorgirls.

A sum of Rs.12,600/- has been paid as computer training fee to two girls & one handicapped boy. Apart from this, a sum of RS 10,500/- has been paid as tuition fee to two daughters of a cancer

patient on the basis of the application received by the foundation.

General Body meeting and meeting of the executive committee and advisory Board have been held from time to time. Till date, one General Body Meeting, 7 meetings of Executive Committee and 1 meeting of the Advisory Board have been held in the office of the foundation. We have conducted five talent development programme test on different dates at our various centers.

**The associated faculty members with HWFG are mentioned below.**

- (1) Shree K.P.Sharma – Retired Educationist
- (2) Shree Mange Ram – Retired Army Personnel
- (3) Shree J.P.Tiwari – Retired Government Officer
- (4) Shree Anil Gupta – Vice President of Company
- (5) Shree R.C.Gupta – Retired LIC Employee
- (6) Shree Govind Singh Kavia, Jodhpur
- (7) Shree Sanjay Dutt Purohit, Jodhpur

A meeting of the Advisory Committee held on 2.10.2012 resolved to increase the strength of faculty members of the teaching staff, also advised to open more new Basic Education Centers under able guidance of present faculty. In a week two days i.e., Saturday and Sunday classes are held for two hours at basic education centers Samaspur village, Gurgaon.

## DONOR SPEAKS

**Mange Ram**  
(Retired Army Personnel)

I have been supporting Human Welfare Foundation Gurgaon on regular basis and found it is worthwhile because the kind of work HWFG is doing for the benefit of poor and underprivileged people. It is really appreciable. I am sure that their excellent projects will provide sustainable support to the poor.

I wish Human Welfare Foundation Gurgaon all the best.

**Lalit Mohan Senapti**  
Working Professional

I am very happy to be associated with Human Welfare Foundation Gurgaon, an organization working for Rural Children and underprivileged and as a responsible citizen of India, I am pleased to share some responsibilities towards the development of community. Human Welfare Foundation executive approached me and explained the objectives of organization. With this approach, I was very much impressed and decided to work with them.

I am very proud that I have made small contribution which will help in a small way and bring smile on the faces of rural children.

## Renewable Sources of Energy:

We need to devote some time to understand the Non Conventional Sources of Energy as a responsible citizen of country. Every citizen has some responsibility to make the atmosphere clean and free from pollution. Fossil fuels also causes air, water and soil pollution, and produce greenhouse gases that contribute to global warming whereas renewable energy resources, such as wind, solar and hydropower, offer clean alternatives to fossil fuels. They produce little or no pollution or greenhouse gases, and they will never run out.

Now a days maximum countries currently relies heavily on coal, oil, and natural gas for its energy. Fossil fuels are non-renewable, that is, they draw on finite resources that will eventually dwindle, becoming too expensive or too environmentally damaging to retrieve. In contrast, the many types of renewable energy resources-such as wind and solar energy-are constantly replenished and will never run out.

Most renewable energy comes either directly or indirectly from the sun. Sunlight, or solar energy, can be used directly for heating and lighting homes and other buildings, for generating electricity, and for hot water heating, solar cooling, and a variety of commercial and industrial uses.

Fossil fuels also causes air, water and soil pollution, and produce greenhouse gases that contribute to global warming whereas renewable energy resources, such as wind, solar and hydro power, offer clean alternatives to fossil fuels. They produce little or no pollution or greenhouse gases, and they will never run out.

Along with the rain and snow, sunlight causes plants to grow. The organic matter that makes up those plants is known as biomass. Biomass can be used to produce electricity, transportation fuels, or chemicals. The use of biomass for any of these purposes is called Bio-Energy.
